**WO No: 4500514259 Dt. : 08.12.2016**

Sr No	Item Code	Item Desc	Quantity	Rate/Unit	Amount
-------	-----------	-----------	----------	-----------	--------

Quantity: For the entire scope of Contract, the quantity shall be counted on number of WTG basis. Thus, 'One WTG' shall mean the complete unit of work defined under "Scope of Work".

However, the Contract quantity may be increased / decreased, under the prerogative of the Company. The payment shall be made on the basis of actual units of work completed and after due certification by our Site-in-Charge along with QA History Cards duly filled up by contractor & site in charge with invoice.

**SCOPE of Work:**

One complete unit i.e. "WTG" shall have following Scope of work.

**A. Complete Assembly of:**

1. Tower Components along with power cables, as instructed
2. Rotor including hub, blades etc.
3. All Bolts tightening to the specified Torque values
4. Procedure for assembly shall be as instructed at site

**B. Complete Erection & Alignment of:**

1. Tower with accessories
2. Nacelle
3. Assembled Rotor
4. Any other minor Erection as per instruction of our Site In charge

**C. Complete Cable Laying & Looping of:**

# All Cables laying & looping on the Tower as per our Instructions. Cable dressing and clamping is in contractor scope.

**D. Standing Tower Torque:**

# Re-tightening to the required Torque of all bolts in the WTG / tower as per Suzlon instruction.

E. You have to execute the work strictly as per procedure and instruction given by SGWPL engineer.

F. Manpower :- Minimum manpower strength required for work completion is as mentioned in below table.

S. N. Activity Minimum Manpower required

1 Lattice box assembly on Ground with Cable laying 25 nos ( 10 technicians / Riggers + 15 semiskilled ) +1 Supervisor

2 Lattice & Tubular erection + 500 Hrs Torquing 25 nos ( 10 technicians / Riggers + 15 semiskilled ) +1 Supervisor

Safety of your personnel is your responsibility.

G. You have to return the balance material to SGWPL after completion of job and give the statement.

Sr No	Item Code	Item Desc	Quantity	Rate/Unit	Amount
-------	-----------	-----------	----------	-----------	--------

# The contractor shall comply with all applicable safety rules relating to the work and ensure the safety of manpower developed by him for this work and provide them with safety equipment's like Safety Helmet, Safety Shoes, Safety goggles, Earplugs, Safety gloves (rubber / leather) and Full body safety harness (with single /double anchor line) etc. as may be required at his own cost.

# The Safety net shall also require to be used to safe guard their workmen when they work at height especially while working in lattice tower.

# The Contractor shall provide the safety gadgets to work men prior to commencing the work at site, and continue to ensure the usage of the safety equipment's by their workmen all the time at work. A supervisor to be deployed to take care of health & safety of their workmen and he should be present all the time during work. If any unsafe act / unsafe condition, Nonconformance, Safety violation is noticed, the contractor is liable for the penalty. Person wearing Safety harness but fail to follow the requirements like not locking the safety harness hook, fail to put on chin strap of safety helmet etc shall also liable for penalty. All safety offences / violations if deemed fit for safety penalty shall be fixed by the Site in charge.

# After imposing fine, if contractor person / team continuous to commit Safety offences / Violations, He / They shall be removed from the site as decided by the site in-charge and can be recommended for contract termination based on the severity found at site.

**WORK COMPLETION SCHEDULE:**

The sequence of work and time schedule shall be provided to you at site by our Site in Charge, which would be mutually agreed. The targets spelt out by Company shall be binding on you.

The total allotted Quantity of WTG's (complete units) must be completed as under:

a) For Assembly of lattice tower and Accessories in Tower, Rotor Assembly & Nacelle Readiness: It is agreed that you shall complete the accessories assembly & cable laying inside the tower & subsequently each tower within mutually agreed time frame, as per time line chart wherever the set procedure of installation of WTG demands so. Similar schedule for Rotor assembly & Nacelle readiness.

Exclusive Assembly Team is required for the purpose in case of Lattice tower assembly.

b) For WTG Erection: It is agreed that within one hour of the instruction by our Site in Charge to you/ your site in charge/ gang leader, you shall depute your Erection gang to the specific location for the assignment. If an exclusive Erection Gang 120MTR HBT WTG # team of 25 nos. is required for the purpose, the same shall be mobilized at no extra cost to the Company.

**OTHER TERMS & CONDITIONS:**

A. You shall depute requisite number of Labour Teams with adequate skilled & unskilled people having all necessary tools & tackles including, spanners, Allen key sets, torque wrenches/ multiplier below 2000 NM, measuring instruments tools, die sets, screw drivers, screw jacks, pneumatic guns, etc. for all operations under scope of works as required for erection of WTG shall be arranged by you at your cost at site. You shall offer these tools for inspection for Suzlon site in charge before commencement of work. Detailed list of tools required for Assembly & erection is attached herewith for your ready reference.

Suzlon shall provide only the following items:

# Torque Wrenches of 2000 to 3000 NM, and / or Hydraulic Tools

# Torque multipliers of 2700 & 3400 NM lifting jig for tower and nacelle shall be in scope of supply of Suzlon.

The company shall replace the tools supplied by us, if the justification for the breakage / repair is given and is certified by the site in charge.

-------	-----------	-----------	----------	-----------	--------

You should take due care of Company's torque wrenches and multipliers. In case of damages due to negligent handling, the cost will be debited to your account. Other tools and tackles shall be procured/ arranged by you. All the tools & tackles in contractor scope should be properly calibrated. Contractor should submit the calibration certificate to our Site-in-Charge before the commencement of work. Contractor shall also arrange required facility like Diesel Generators with fuel, light fittings (flood lights, fog lights) and distribution boards for lighting purpose.

B. Your team should reach site to start the Work as instructed by Site in-charge.

C. You shall have to look after lodging, boarding, conveyance and other requirements of your Labour. Please ensure that the decorum of work is maintained.

D. Your teams shall work under the supervision of your supervisor and as well as Company.

E. The Labour teams shall be on our duty call round the clock and must follow the instructions of our Site in Charge.

F. All statutory deductions of Government taxes like TDS, etc. shall be deducted from the bill payments.

G. Supply of Tower materials, Accessories, Hardware, Fasteners, Cables and all related WTG material, and providing Hydras & Cranes shall be Company's responsibility.

H. Contractors are supposed to work as instructed by Site in-charge as per site requirement.

I. You will carry out thorough cleaning of all components prior to Erection. Material for cleaning such as, Detergent, Cotton waste, brushes, thinner etc. are to be arranged by you. Water Shall be arranged by Suzlon, Touch up painting, wherever required is to be carried out by you. (Paint will be supplied as free issue to you).

J. To facilitate Assembly work, you shall be provided approximately 5% excess Nuts & Bolts than the actual requirement. On completion of each unit of WTG, you have to deposit all the excess/unused Nuts & Bolts to our stores. If material reconciliation is not done, then actual costs of materials not returned will be debited to your account.

K. We shall arrange Transportation & delivery of material up to the Site. However, you have to maintain a Tractor with Trailer or any other suitable vehicle at site at no extra cost, to satisfy your scope of work. Transportation arrangement of all your staff shall be your responsibility.

L. At the time of inspection your supervisor shall accompany our engineer and if any fault is found, immediate correction of it shall be your responsibility.

M. This being a labour contract Without Supply of materials or goods to the Company, taxes and duties as applicable for a service contract shall be levied subject to you registration under the Service tax act under the head of Commissioning & Installation.

-------	-----------	-----------	----------	-----------	--------

not be entertained.

**4. Liquidated Damages:**

Any delay in the work completion & handing over of Complete Unit (WTG) by you to the Company based on the agreed work completion schedule may attract penalty as detailed under and it shall be recoverable from you/your bills.

For WTG Assembly & Erection: It is agreed by you to complete the assembly & delivery of first WTG for erection within 7 days from the date of start & subsequently delivery of one WTG as per the time line schedule enclosed (including laying and looping cables including earth cables).

If there is idling of crane package due to non-availability of tools and sufficient manpower than there will be penalty applicable considering crane idling hours based on actual crane hours cost.

**5. Performance:**

Time is essence of this contract. For timely execution, you have to arrange exclusive Teams for (i) Receipt, Unloading and re-loading at site/locations (ii) Assembly work (iii) Erection work. You are responsible to deliver the work according to our specifications and under guidance of our site in charge as per the time line enclosed. Either the Company or any Third party, appointed as an Inspection Agency may check the work quality and the delivered output compliance to our norms & procedures.

Your work site shall be open for inspection at any time and for that you shall provide all help like required Labours, tools, etc.

If the performance is not found to be satisfactory with respect to Quality, Work Specifications and Project Schedule, Company may arrange to complete the balance work from other agencies at your risk & cost, and additional supervision charges will also be debited to your account.

**6. Defect Liability:**

You are totally responsible for the satisfactory completion of assembly, erection and re-tightening of tower bolts. Re-tightening will be generally done after 15 days from the date of Commercial Operation of Wind Mill. The Defect Liability period shall be defined as the time period between the dates of erection of tower and the successful handing over after re-tightening as defined above and to the satisfaction of the Site in Charge. This period will be limited to a maximum of Six months, against which 5% of the Contract amount will be kept with the Company as Performance Guarantee either by way of Cash Retention from the bills or in the form of a Bank Guarantee issued from any Nationalized Bank. The Contractor has to submit the Bank Guarantee in the format prescribed, which would be returned on successful completion of the Defect Liability period without any prejudice to the rights of the Company.

**7. Insurance:**

You shall insure against Workman Compensation Act for all the Manpower engaged by you at site against accidents including Third party losses of any kind. Workmen Compensation Policy is a must. Cost of insurance coverage is covered in the Jurisdiction: Disputes, if any, shall be settled within the jurisdiction of the relevant courts in Pune Maharashtra State.

You are requested to return the duly accepted copy of this Annexure within Seven days of its receipt at your end. No payments will be made under this work order if the accepted copy is not received within stipulated period.
